2014 - 2018 BS in Biopsychology, Cognition, & Neuroscience

PROFESSIONAL EXPERIENCE

Clinic AI

Oct 2019 - Present
Ann Arbor, MI

UX Intern

Responsible for creating and conducting post production usability testing and developing alternate wireframes supported by findings.

Lexmark

May - Aug 2019
Lexington, KY

UX Design Intern

Redesigned an internal service tool; supported design decisions with user research and reduced friction in employees' workflow, evidenced by a 36% increase in goal success rate and higher satisfaction ratings.

UMSI Design Clinic

Jan - April 2019
Auburn Hills, MI

UX Researcher

Examined internal communication tools and assessed user needs. Provided solutions within company constraints to increase engagement between our client team and the rest of the employees at Comerica Bank.

SPEAKING

Drupal Conference

March 22, 2019
Chicago, IL

Speaker

Presented the importance of digital well-being and emphasized the social responsibility of UX designers to design with healthier behaviors in mind.

PROJECTS

CNBC

Jan - April 2019
New York, NY

UX Researcher

Evaluated CNBC's mobile app features: Live TV and stock charts. Proposed design solutions supported by research and validated through A/B testing.

Michigan Medicine

Sep - Dec 2018
Ann Arbor, MI

UX Researcher

Identified the elderly's unique mental models regarding tech and proposed design solutions that catered to elderly with low tech skill.
